Summary of 2003 Legislative Changes to the Home School Law

The 2003 Arkansas legislature amended sections of the home school law. The amended sections of Arkansas Code Annotated §6-15-504 and 6-15-507 cite changes regarding required testing of home school students and home school students access to special education services. The revisions in the law as enumerated by Act 1793 of 2003 are as follows:

Arkansas Code Annotated § 6-15-504 (a) achievement tests: Each student enrolled in a home school program who is considered to be at grade level, or no more than two (2) years beyond the normal age for the appropriate grade, for which the state mandates norm-referenced tests for public school students shall be tested using a nationally recognized **norm-referenced** achievement test selected by the State Board of Education.

Arkansas Code Annotated § 6-15-504 (b)(1)(A) as amended states: Home school students that refuse to participate in the required testing **or the alternate testing program** required by this section **has not met the statutory prerequisites for home schooling** and shall be subject to the applicable Arkansas laws regarding truancy **as any other student**.

Arkansas Code Annotated § 6-15-504 (B) as amended states: **After a student corrects any refusal to participate in the testing program or the alternate testing program as determined by the Department of Education required by this subsection (e), the student shall be restored to his or her home school status after his or her parent or guardian has complied with all requirements of § 6-15-503.**

Arkansas Code Annotated § 6-15-507Section 2. (a) as amended states: Ineligibility of home schools for local, state, or federal funds. Home schools authorized by this subchapter are not entitled to local, state, or federal funds allocated to a public school district. **For purposes of this section, eligible children with disabilities, identified under the Individuals with Disabilities Education Act, 20 U.S.C. § 1400 et seq., in home school settings shall be given the same consideration afforded to students in private school settings for special education services as provided for in the Individuals with Disabilities Education Act, 20 U.S.C. § 1400 et seq.**

(b) School districts providing services to home school students shall be eligible for local, state, or federal funds allocated or approved for such services.

Data Sources

Parents or legal guardians who choose to provide a home school for their children are required by law to submit current year Notice of Intent to Home School and Waiver forms to the superintendent of their local school district each year within the established deadlines. Meeting this annual requirement maintains legal home school status for the parents or legal guardians.

School districts are required to submit a copy of each form to the Arkansas Department of Education (ADE) for statistical and testing purposes. This report comprises data submitted by the 310 school districts in Arkansas. The accuracy, completeness and timeliness of the data are reliant upon the parents/guardians' compliance with legislation and the school districts' submissions of the information to the ADE.

Estimates of grade level completed are based on date of birth when incomplete information was submitted regarding grade level.
